Feed Your Need Grant Rubric

Check your list for applicants that are not AISLE members and make sure that you *do not score these applications*. They are ineligible for consideration.

On a scale of 0 to 5 for each area (for a total of 15 points possible), rate the answers for each of these three areas of the application:

Did the applicant tell you their story (i.e. did they state their need)? This was to include the age of the section of their collection they wish to update, the importance of updating this section, their current book budget and student population, and anything beyond this that helps you understand their need.

Did the applicant explain how the stakeholders (administration, faculty/staff, students, community) will be involved in this weeding/replacement project?

Did the applicant tell how they expect to evaluate the use/effectiveness of the new books purchased?
